## **ServiceTitan®**

# ST-58 Release Highlights

Ongoing improvements that help your business grow

## Release Highlights

**27**Core

improvements

Pro Improvement

#### **Streamlined Workflow**

CSR

Tech

Dispatch

**X** Technician Forms

Improve operational efficiency and reporting accuracy

You can now create and assign non-job-related forms to techs. Track and report on non-job events like safety meetings and truck inspections without having to book and filter out dummy jobs.

### Real-time Insights

General Managers

Service Managers

Install Managers

Added Appointment Key Performance Indicators (KPIs) to Jobs Data Set

Drill down to the next level of reporting with visibility into each appointment

Get more detailed job insights with new KPIs that let you see how you're performing at the appointment level and give you better reporting accuracy.

#### Streamlined Workflow

Accounting

Enter payments for multiple customers in the same screen
Shave off valuable time when entering customer payments

The tedious process of going to each customer's profile to add a payment is a thing of the past. You can now enter payments for multiple customers at the same time on one screen.

#### Other Goodies

Admin

Purchasing

Finding & managing user permissions in Settings is faster and easier than ever.

Account for every item you receive from a vendor, even if it's not on your purchase order.

You asked! Feature released due to direct feedback and requests.

Keep them coming!

Learn about all these features and more in ST-58 Release Notes: help.servicetitan.com/Content/Release-Notes/release-notes-st58.htm
