

## LET'S FACE IT—PAYROLL ISN'T FUN.

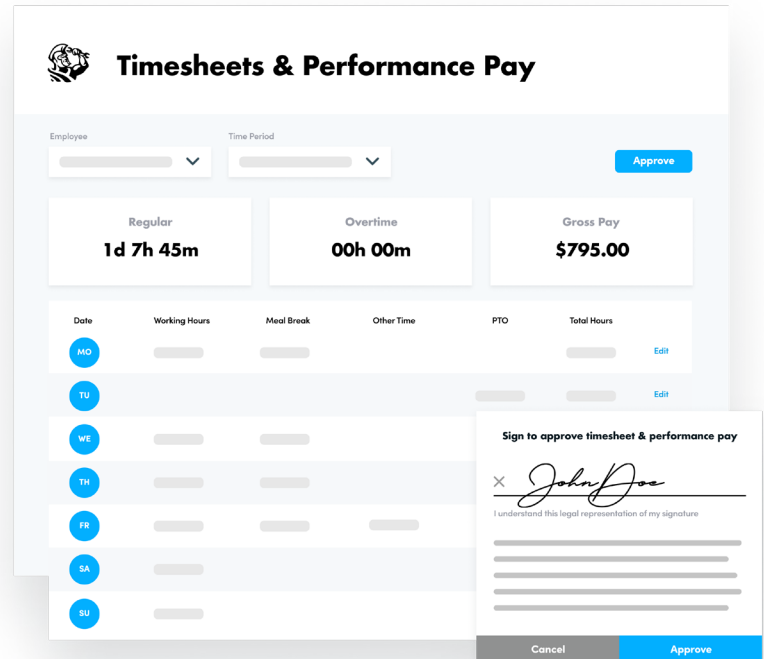

It's often time-consuming, tedious, and error-prone.

Payroll errors can result in:

- Loss of essential employees
- Tax consequences or fines
- Wage-related lawsuits
- Lost time (and money!) fixing errors

## INTRODUCING TIMESHEETS & PERFORMANCE PAY

## PAYROLL PREP MADE EASIER

### FEATURE HIGHLIGHTS

#### OFFICE & TECHNICIAN TIMESHEETS

Track office employee time as well as technician time in ServiceTitan. Safeguards are included to help prevent missed punches and maintain accuracy.

#### PERFORMANCE PAY

Configure and customize flexible performance pay structures that incentivize technicians to do their best. These can be tied to your Pricebook, allowing for better job costing.

#### PAYROLL SIGN-OFF

Make payroll sign-off a snap with features that allow all employees to digitally approve their timesheets. Techs driving in for payroll is a thing of the past.

#### TIMESHEET CODES

Create and configure timesheet codes to track paid or unpaid non-job events, making it easy for dispatchers to see who's available for a job in real time.

#### PAYROLL ADJUSTMENTS

Make adjustments or import data as needed to ensure employees are paid what they're owed, and get a clearer picture of overhead as well as hourly employee cost.

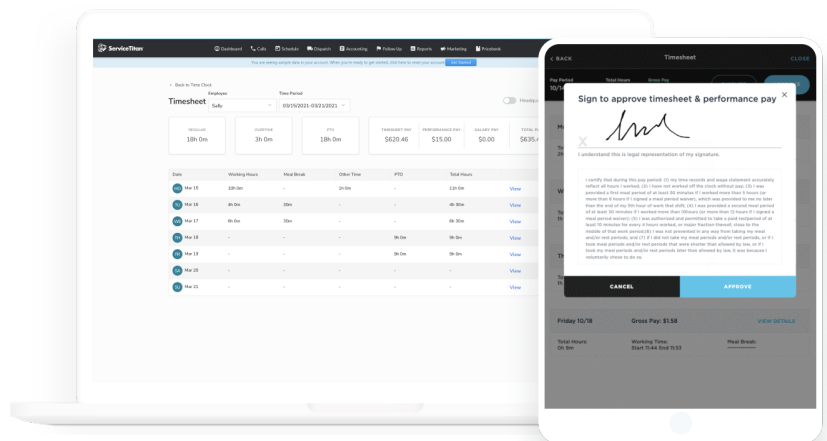

#### EARNINGS CODES & MASTER PAY FILE

Export payroll data in a fraction of the time it usually takes. Align earnings codes with payroll processors, and export all gross pay data in ServiceTitan with one file.

Now our technicians can review, request changes and sign off on their timesheets all right on their tablets, which saves us at least **5 hours a month in efficiency.**”
